

York University
Lassonde School of Engineering
Earth & Space Science & Engineering Department
Geomatics Engineering & Geomatics Science Programs

Enthusiastic and Motivated Graduate Student Wanted!

If you are fascinated to enhance your knowledge of how a variety of data coming from Building Information Model (BIM), 3D Geographical Information Systems (GIS) and Internet of Things (IoT), integrate into a single environment to conduct spatiotemporal analytics, and also keen to peruse graduate studies in MSc or PhD level in Geomatics program, please contact me!

Interested candidate is advised to submit following documents via email to mjadidi@yorku.ca

- Resume
- Research Statement (max one page)
- University Transcripts (unofficial is accepted)
- At least one reference letter.

Financial support is available for period of studies.

Sincerely,

Mojgan (Amaneh) Jadidi Mardkheh, P.Eng., MSc., Ph.D.

Assistant Lecturer
Geomatics Engineering | Department of Earth & Space Science & Engineering | Lassonde School of Engineering
